

Conformity Attestation

No.: KIWA-23-DW-10335-1

of the certification body

regarding the suitability of products for drinking water
hygiene - Assembled Products

Product: **Assembled product**
Water Treatment Systems
Models: see page 3 of the conformity attestation
Temperature 23°C

Manufacturer: **Pollet Water Group NV**

Textielstraat 13
8790 Waregem
Belgium

☒ according to system 1+ with external monitoring for the following production sites:

- **8790 Waregem, Belgium**

Reference / confirmation:

It is hereby confirmed that the above mentioned product / component based on:

- the certification program "D6 KTW-UBA dated 2019-04-16-Rev03" of the certification body:
„Kiwa GmbH, Gutenbergstr. 29, 48268 Greven“,
- the Recommendation "Conformity attestation of product hygiene suitability for drinking water",
- the product information provided, including the formulation details,
- the evaluation reports/test reports mentioned in the undisclosed appendix A,

fulfills the requirements of the assessment basis/guideline of the Federal Environment Agency (UBA):

- Evaluation criteria for plastics and other organic materials in contact with drinking water
- Evaluation criteria document for enamels and ceramic materials
- Evaluation criteria for metallic materials in contact with drinking water

Greven, 19.03.2024

This conformity attestation applies to the following products / components:

Water Treatment Systems

containing the Clack Valve Types listed on page 3 of the conformity attestation.

- Containing Structural Pressure Vessels - 2,5" Inlet - 8,8 L to 103,1 L
- Containing 3/4" & 1" Plastic Male BSPT Fittings - V3007-06-KTW or V3007-14-KTW
- Containing V3006-KTW Bypass
- Containing Pallas Riser Tube
- Containing GBO Upper Screen
- Containing GBU Lower Screen

The test reports, (deposited at Kiwa), are part of the conformity attestation and listed in the undisclosed 'appendix A' to this certificate.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'appendix A' to this certificate.

The attestation of conformity is valid from the date of issue and remains valid until 08.03.2028 as long as the conditions listed under "Notes" are fulfilled.

Notes:

The conformity attestation was issued under the condition that the starting materials used to manufacture the product or their composition and/or components, including their manufacturer and supply chain, were fully disclosed and no other substances are contained in the product.

The validity of this document expires in case of changes in the composition of the product or in the processing conditions not agreed with the certification body and in case of non-compliance with the conformity requirements as well as in case of termination of the 1+ system monitoring program of the certification body and manufacturer.

The results of our audits and the assessments apply to the test items examined and the statutory regulations applicable at the time of the audit. This document may only be published or reproduced in complete and unchanged form without our express written consent.
