

MCmini20 – MCmini40 – MCmini50

The most lightweight air sterilizers in the SITA series are **MCmini20**, **MCmini40** and **MCmini50**. Built from 304 stainless steel and a fantastic box ideal in any room types. It can also treat air 24 hours a day with MCmini with the presence of people in a room. This ensures a good disinfection maintaining under control microbiological levels. Conveyed in the UV unit the air comes into contact with a powerful UVC lamp that is able to change the DNA of microorganism, such as bacteria and viruses.

Possible wall mounting and table installation:

MC20 mobile installation

MC50 wall mounted

The last upgrade is guaranteed to lessening noise and more performance to reduce energy consumption. ON-OFF switch added to start/stop the device. Furthermore, the physical assembly of the device was enhanced, which due to easy connectivity installation has been moved to the right side of the device. A silent fan inbuilt in the box guarantees a good acoustic comfort. The maintenance of the MCmini20, MCmini40 and MCmini50 is also very simple: UVC lamp and filter must be replaced once a year.

GENERAL INFORMATION			
Model	MCmini20	MCmini40	MCmini50
Consumption (W)	33	51	60
Max room Volume to be treated (m3)	40	80	100
Dimensions	400 x 200 x 120	700 x 200 x 120	
Power supply	230 V - 50/60 Hz		
Temperature range	5-50° C		
Power supply cable	4 m		
Material	304 Stainless steel		
Protection Class	IP 55		
Weight	4 kg		
Lamp life	9.000 hrs		
Status LED	Green: Working / Red: Alarm		
ON/OFF Switch	Yes		
Remote Control	Optional on Request
