PRODUCT UPDATE

NEW BOARD FOR CI PRODUCTION

V3108CI-06

V3108CI-07

- Due to supply chain availability, we have sourced available component parts to support valve production and replacement board needs.
- The CI-07 board features new edge card connection for programming valve configurations.
- The CI-07 will require you to create **New Configuration Files** for use with the Clack Configurator.
- The CI-07 offers a **NEW FEATURE** of simple Progressive Flow in programming up to 4 units without using the System Controller.
- We will use both CI-06 and CI-07 as we continue to dual source, please note you may receive shipments with a mixture of both CI-06 and CI-07 boards.
