Certification of  
Products  
ISO/IEC 17065

**Production site(s):**

Pollet Water Group NV, 8790 Waregem, Belgium.

**Control**

The manufacturers' continuing internal control is combined with surveillance inspections conducted by an accredited Inspection Body.

Inspection Body: **Kiwa Certification AB**      Inspection agreement: **482/2021 version 3 of January 27<sup>th</sup>, 2025.**

Factory production control shall be carried out in accordance with the current instructions for control.

During inspection at the construction site, the building proprietor must verify the identity of the product by means of the marking. Furthermore, the building proprietor must ensure that the correct products are delivered and that they are installed in accordance with the manufacturer's instructions in the accompanying documents. It must also be verified that the product is accompanied by a manufacturer's declaration that certifies that production has been carried out in accordance with the documents that formed the basis for this type approval.

The validity of the Swedish Type Approval also implies that the factory production control is carried out according to the current agreement and that the holder annually fulfils the requirement in "Boverket's regulations and general recommendations for type approval", BFS 2013:6, § 5 (TYP 7), on continuing internal control. The holder shall annually, at the latest on the 15th of December, report to Kiwa Certification AB at the e-mail address [se.annualreporting@kiwa.com](mailto:se.annualreporting@kiwa.com) about continuing surveillance.

**Associated documents**

Guidelines for the installation of domestic softeners, undated by the producer.

Water Specialist CK and EQ Control valve Programming Manual, form No. V3435CK • 4/23/2020

**The assessment basis for the approval**

- Test report P000482029-TR-Rev0, prepared by Kiwa Nederland BV

- Conformity attestation KIWA-23-DW-10335-1, issued by Kiwa GmbH

Assessment report 096/2024, dated: January 27<sup>th</sup>, 2025 by Kiwa Certification AB.

**Comments**

The products for water treatment systems meet hygiene requirements according to assessments methods KTW-BWGL and DVGW-W 270.

The Type approval is valid provided that the product shall neither be CE marked according to the Construction Product Regulation (EU) No 305/2011 (CPR), nor has it been suspended or withdrawn by Kiwa Certification AB.

Date of decision: January 31<sup>st</sup>, 2025

Current version: TG 1911-1

Valid until:      January 30<sup>th</sup>, 2030
