

RESIDENTIAL SOFTENER

T系列软水机

T Series Residential Softener

简约设计、小巧实用

Simple design, small and practical

手动、自动可选

Manual and automatic optional

超高 性价比

Super
cost-effective

RUNLUCKY 润莱

WATER
TREATMENT
SOLUTION

NEW ARRIVAL 与众不同

新品上市

WHOLE HOUSE WATER FILTER

Q系列净水机

Q Series Whole House Water Filter

手机远程控制

Mobile phone remote control

智能漏水保护

Intelligent water leakage protection

实时防漏设计

Real-time leakage protection design

RESIDENTIAL SOFTENER

Q系列软水机

Q Series Residential Softener

3.5"LCD大屏显示

3.5" LCD large screen display

触摸按键

Touch button

手机控制

Mobile phone control

智能漏水保护

Intelligent water leakage protection

COMPLETE MACHINE COMBINED
FILTRATION AND SOFTENING

R120S净软一体机

R120S Complete Machine combined Filtration and Softening

碳纤维膜净化+树脂软化
过滤精度0.2-0.3 μ m

Carbon fiber membrane filtration + resin softening
Filtration accuracy 0.2-0.3 μ m

再生出净水

Provide filtered water
when regen

再生补软水

Refill with soft water

干式盐箱

Brine dry mode

缺盐提醒

Salt shortage alarm

WHOLE HOUSE WATER FILTER

S系列净水机

S Series Whole House Water Filter

手机远程控制

Mobile phone remote control

智能漏水保护

Intelligent water leakage protection

橱下安装软水机

Residential Softener under Cabinet

体积小, 适合厨下安装

Small volume and be suitable for under the cabinet

逆流再生, 补软水

Up-flow regeneration, brine refill with soft water

度假模式, 干式盐箱

Vacation mode, and brine dry mode

氯气消毒

Has chlorine disinfection connector

RL-R55P

新外观沐浴软水机

New Appearance Shower Softener

独立盐箱

Independent brine tank

专利动态再生

Patented dynamic regeneration

缺盐提示

Salt shortage alarm

顶级树脂

Top resin

智能防泄漏功能

Intelligent leakage protection

PURE WATER MACHINE

600G纯水机

600G Pure Water Machine

专利陶瓷止回结构集成水路

Patented ceramic non-return structure integrated waterway

滤芯更换不滴水

No dripping when cartridge replacement

智能废水比

Smart wastewater ratio

高效集成滤芯

Efficient integrated cartridge

一体式快拆

Integrated quick disassembly

PURIFYING FAUCET

三切双排纯水机龙头

Purifying Faucet with Double Outlets and Triple Close

出水分纯水口和浓水口

The outlet water is divided into pure water and concentrated water.

关闭时纯水、浓水和纯水机进水同时关闭

While closing the faucet, the pure water outlet, wastewater outlet and inlet of RO machine is closed at the same time.

高精度陶瓷结构

High-precision ceramic structure

高集成水路

Highly integrated waterway

三分进水管

3/8" inlet pipes

适用无桶纯水机

Suitable for RO machine without tank

解决纯水机进水电磁阀故障造成废水持续排放、关闭龙头后纯水机内部承压、浓水不方便回收等问题。

Solve problems such as the continuous discharge of wastewater caused by the failure of the water inlet solenoid valve of the RO machine, the internal pressure of the RO machine after the faucet is closed, and the inconvenient recovery of wastewater.

WIRELESS AUTO SHUT-OFF VALVE

无线泄漏自闭阀

Wireless Auto Shut-off Valve

无线布点

Wireless layout of monitoring points

多点智能监控

Multi-point intelligent monitoring

远距离感应

Remote sensing

停/断电保护

Power failure protection

缺电提示

Lack of power alarm

好生活用软水

好软水用润莱
